TOY WONDERS' TOY DIRECTORY

Action Toys Subcategory:

The action toys category encompasses many different types of toys. These toys are not only powered by a child's imagination, but a great majority of these action toys are also powered by batteries. For your convenience, the number of batteries and type are stated in the description, and whether or not batteries are included. Click on one of the subcategories below to see more.

Most of these types of toys find their way onto peg hooks, spinner racks, or in store bins. We have broken this category down into many subcategories. Dolls & Play sets Subcategories:

Toy Wonders is a toy importer and toy wholesaler of children's toys. Dolls have been a mainstay in the toy industry. If we look back in history, dolls go way, way back --even before recorded history. Because of the longevity and nurturing appeal, every toy distributor and retailer will have some representation here. However, since this category is very focused on only one gender, it is vital that you focus your attention here and understand your customer base well; after all, you are only targeting half the children's population with this category. Knowing the answers to these questions will make it easier to select the items for his category:

1. In terms of race, what type of people do you service?
2. What type of space can you allot towards this category (e.g. wall, shelf, or counter)?
3. What price points do you need to be at?

Educational Toys & Musical Toys Subcategories:

Parents of all types have always placed extra value on toys that teach. Almost all the educational toys that we market are geared towards adults and children over the age of three. Many ambitious parents push the learning envelope with their children. For those toys geared toward infants and toddlers, we've put the toy's specific age recommendations in their descriptions. For marketability and safety reasons, these age recommendations should be strictly followed.

Toy Wonders is not just in the toy wholesale business but offers at wholesale a variety of Sports balls and sport play sets. Not only does ball playing build hand eye coordination, dexterity, and team spirit (at times), these balls promotes good old fashion exercise. Click on a subcategory to see more.

Trade talk about the Monte Carlo SS vehicle: "Monte Carlo SS: Super Sport Excitement, Monte Carlos Styling from its aerodynamic front fairing to its Formula One-derived radials. Monte Carlo SS has been track-tested and refined and they've got it decidedly right. Power is the famous 5.0 liter high output V8 with low-restrictions dual exhaust. A 4-speed automatic transmission effectively transfers the driving force through a 3.73 performance axle and wide, white lettered radials tires on high 15" x 7" Rally Wheels. Keeping a grip on all that performance is F41 Sport Suspension, tuned to the car's weight, with large-diameter stabilizer bars, front and rear. The special SS trim, padded Sport steering wheel and gauges, with tach, set off the interior. The SS exterior is instantly recognizable in your choice of four colors, from the distinctive rear spoiler and exclusive black-out trim to the Monte Carlo SS identification."
