TOY WONDERS' TOY DIRECTORY

Action Toys Subcategory:

The action toys category encompasses many different types of toys. These toys are not only powered by a child's imagination, but a great majority of these action toys are also powered by batteries. For your convenience, the number of batteries and type are stated in the description, and whether or not batteries are included. Click on one of the subcategories below to see more.

Most of these types of toys find their way onto peg hooks, spinner racks, or in store bins. We have broken this category down into many subcategories. Dolls & Play sets Subcategories:

Toy Wonders is a toy importer and toy wholesaler of children's toys. Dolls have been a mainstay in the toy industry. If we look back in history, dolls go way, way back --even before recorded history. Because of the longevity and nurturing appeal, every toy distributor and retailer will have some representation here. However, since this category is very focused on only one gender, it is vital that you focus your attention here and understand your customer base well; after all, you are only targeting half the children's population with this category. Knowing the answers to these questions will make it easier to select the items for his category:

1. In terms of race, what type of people do you service?
2. What type of space can you allot towards this category (e.g. wall, shelf, or counter)?
3. What price points do you need to be at?

Educational Toys & Musical Toys Subcategories:

Parents of all types have always placed extra value on toys that teach. Almost all the educational toys that we market are geared towards adults and children over the age of three. Many ambitious parents push the learning envelope with their children. For those toys geared toward infants and toddlers, we've put the toy's specific age recommendations in their descriptions. For marketability and safety reasons, these age recommendations should be strictly followed.

Toy Wonders is not just in the toy wholesale business but offers at wholesale a variety of Sports balls and sport play sets. Not only does ball playing build hand eye coordination, dexterity, and team spirit (at times), these balls promotes good old fashion exercise. Click on a subcategory to see more.

Shelby - Shelby Cobra Super Snake 427 Convertible (1:18, Blue) 42707

[Our Products: Vehicle Scales](#) > [1:18 Scale](#)

Item#: 42707BU

42707BU SHELBY COLLECTIBLES - 1966 Shelby Cobra Super Snake 427 Convertible. 1:18 scale diecast collectible model car. This Shelby Cobra is 8.5"Lx 3.5"Wx 2.5"H die cast metal car with openable doors, hood and trunk. Mounted on a display platform. Individually packed in a window box. Box size: 12.75"Lx 5.75"Wx 5"H. 42707 in BLUE color.

The Shelby registry indicates only two 1966 "Super Snake" Cobras were built. One car was destroyed in an accident, leaving a sole surviving car. January 13, 2007 it sold at the Barrett-Jackson auction for 5.5 million dollars, making it the most expensive American car ever sold. The "Super Snake" has a twin supercharged 427 cid 800 hp engine, with a 3 speed automatic. Carroll Shelby built it just to see how fast it was, and it turned out to be a monster with incredible performance and speeds. It was Carroll Shelby's personal automobile. "40 years later, it will still kick the tail of just about anything in the world. It was the fastest street legal Cobra I ever owned."

click on the **zoom** button on the bottom right corner to see a picture of the window box.

In 1966, Carroll Shelby and The Hertz Corporation developed an ingenious program to help get high performance, special-edition Ford Mustangs into the hands of rental customers. Today, the story of Shelby's 1966 GT350 Hertz "Rant-A-Racer" program is legendary. To connect that car's past with the modern capabilities of the new Ford Mustang, Shelby, Hertz and Ford have teamed up again on this 40th Anniversary to offer the 2006 Shelby GT-H - a new performance Mustang available exclusively through Hertz from the Hertz Fun Collection.
