TOY WONDERS' TOY DIRECTORY

Action Toys Subcategory:

The action toys category encompasses many different types of toys. These toys are not only powered by a child's imagination, but a great majority of these action toys are also powered by batteries. For your convenience, the number of batteries and type are stated in the description, and whether or not batteries are included. Click on one of the subcategories below to see more.

Most of these types of toys find their way onto peg hooks, spinner racks, or in store bins. We have broken this category down into many subcategories. Dolls & Play sets Subcategories:

Toy Wonders is a toy importer and toy wholesaler of children's toys. Dolls have been a mainstay in the toy industry. If we look back in history, dolls go way, way back --even before recorded history. Because of the longevity and nurturing appeal, every toy distributor and retailer will have some representation here. However, since this category is very focused on only one gender, it is vital that you focus your attention here and understand your customer base well; after all, you are only targeting half the children's population with this category. Knowing the answers to these questions will make it easier to select the items for his category:

1. In terms of race, what type of people do you service?
2. What type of space can you allot towards this category (e.g. wall, shelf, or counter)?
3. What price points do you need to be at?

Educational Toys & Musical Toys Subcategories:

Parents of all types have always placed extra value on toys that teach. Almost all the educational toys that we market are geared towards adults and children over the age of three. Many ambitious parents push the learning envelope with their children. For those toys geared toward infants and toddlers, we've put the toy's specific age recommendations in their descriptions. For marketability and safety reasons, these age recommendations should be strictly followed.

Not only does ball playing build hand eye coordination, dexterity, and team spirit (at times), these balls promotes good old fashion exercise. Click on a subcategory to see more.

(Click to see larger image and other views)

With 53 career wins, Don White, one of the legendary "Keokuk Komets", is the winningest stock car driver in the history of USAC (United States Auto Club.) His closest competitor is A.J. Foyt, 2nd with 41 wins. In the 1960's and early 1970's USAC, along with NASCAR, was one of the two premier stock car racing sanctioning bodies in America. During this ear, its sister division, USAC's Indy Car Championship was the benchmark for all of American racing, with many of its Indianapolis 500 stars leaving their open-wheel rides periodically to race stockers.

In 1966, Ray Nichels hired Don White to be a full time driver for Nichels Engineering racing primarily in USAC. For the five year period that Nichels and White were a team, they competed in 101 USAC races; winning 36 times, gaining 68 Top-Five finishes, 74 Top-Ten finishes and winning 29 Poles. The Nichels Engineering/Don White Team amassed 14,742 points and won pursed totaling \$186,846 during this time. included in this fantastic run was a National Stock Car Championship in 1967. (White's 2nd USAC championship)

In late 1969, White was provided with a Hemi-powered 1969 Dodge Daytona Charger, built at Nichels Engineering's "Go-Fast Factory" in Griffith, Indiana. This "Winged Warrior" was a perennial front runner owing its strength to a powerful Chrysler Hemi constructed and blueprinted by famed Nichels engine builder Minnie Joyce. Chassis construction was just as stellar under the skilled hand of Nichels Engineering craftsmen Jerry Govert and Jim Delaney.

During the 1970 season, White and Nichels Engineering did what they did best; racing up front with the leaders. When the season's results were tallied, White had raced 19 times winning 4 races, 2 Poles, along with 9 Top-Five finishes and 11 Top-Ten finishes. Nichels and White earned 2,506 championship points and purses totaling \$37,567. This Nichels Engineering Team also set 4 track records.

Knowledgeable racing fans recognize a winner when they see it ... and Don White in his #3 Nichels Engineering Dodge Daytona Charger is often recognized by "Winged" car aficionados as being one of the best who ever piloted a "Go-Fast Factory Winged Warrior". To learn more about great American racers Ray Nichels and Don White. visit www.RayNichels.com for information on the upcoming book "Conversations with a Winner - The Ray Nichels Story."
