## TOY WONDERS' TOY DIRECTORY

### Action Toys Subcategory:

The action toys category encompasses many different types of toys. These toys are not only powered by a child's imagination, but a great majority of these action toys are also powered by batteries. For your convenience, the number of batteries and type are stated in the description, and whether or not batteries are included. Click on one of the subcategories below to see more.

### Blister Carded Toys & Hang-up Toys Subcategory:

Toy Wonders is a toy importer and a toy wholesale distributor of blister carded toys too. A great majority of impulse buy toys are packaged either on a blister card or in a poly bag with a header. Most of these types of toys find their way onto peg hooks, spinner racks, or in store bins. We have broken this category down into many subcategories. Click on the appropriate subcategory to see more.

## Dolls & Play sets Subcategories:

Toy Wonders is a toy importer and toy wholesaler of children's toys. Dolls have been a mainstay in the toy industry. If we look back in history, dolls go way, way back --even before recorded history. Because of the longevity and nurturing appeal, every toy distributor and retailer will have some representation here. However, since this category is very focused on only one gender, it is vital that you focus your attention here and understand your customer base well; after all, you are only targeting half the children's population with this category. Knowing the answers to these questions will make it easier to select the items for his category:

1. In terms of race, what type of people do you service?
2. What type of space can you allot towards this category (e.g. wall, shelf, or counter)?
3. What price points do you need to be at?

## Educational Toys & Musical Toys Subcategories:

Parents of all types have always placed extra value on toys that teach. Almost all the educational toys that we market are geared towards adults and children over the age of three. Many ambitious parents push the learning envelope with their children. For those toys geared toward infants and toddlers, we've put the toy's specific age recommendations in their descriptions. For marketability and safety reasons, these age recommendations should be strictly followed.

## Sports Subcategories:

Toy Wonders is not just in the toy wholesale business but offers at wholesale a variety of Sports balls and sport play sets. Not only does ball playing build hand eye coordination, dexterity, and team spirit (at times), these balls promotes good old fashion exercise. Click on a subcategory to see more.

## ERTL JoyRide - The Dukes of Hazzard General Lee Dodge Charger (1969, 1:18, Orange) 32485

Our Products: [View All Vehicles](#)

Item#: 32485OR

32485OR ERTL JoyRide American Muscle - The Dukes of Hazzard General Lee. 1:18 scale diecast model car. 11.5" 1969 Dodge Charger, diecast metal classic muscle car with workable steering, and opening doors & hood. Detailed engine & components. Entertainment movie car. RC2 Brands. 32485 in ORANGE color. Individually packed in a window box.

Perhaps the most popular screen vehicle of all time, the General Lee from the Dukes of Hazzard received thousands of daily fan letters during the show's run. The 1:18 scale die cast is painted General Lee Orange and wears authentic tampon-printed graphics. More than 25 secondary paint operations make this the most detailed General Lee we've ever produced. It includes a detailed 426-Hemi engine, a fully detailed interior, an opening hood and functional steering and authentic "Dukes of Hazzard" graphics. Package features exclusive graphics from the classic TV show "Dukes of Hazzard."

The General Lee was generally considered a 1969 Dodge Charger R/T with the 440-cubic-inch Magnum V8 engine, although a number of variations were used. Body color was Hemi Orange with flat black around the taillights, a Confederate Flag on the roof with General Lee spelled out to the side of it, 01 on both doors. Over 300 Dodge Chargers were used on the show because of the wrecks need to make the show. This is the biggest reason today collectors do not want to see another new Dukes of Hazzard movie filmed. At least 3-4 general Lee cars were used per episode. As for the General Lee's horn, it was discovered when the production crew, on their way to start shooting, passed a car with a horn that

tooted the first 12 notes of Dixie. The crew made an immediate 180-degree turn, pursued the careful of kids, and motioned to them to pull over. The crew kept offering the kids money until they finally just opened the hood, pulled the horn out, and sold it to them. Needless to say, the crew could have purchased in a store for much less!
