Dolls & Play sets Subcategories:

Toy Wonders is a toy importer and toy wholesaler of children's toys. Dolls have been a mainstay in the toy industry. If we look back in history, dolls go way, way back --even before recorded history. Because of the longevity and nurturing appeal, every toy distributor and retailer will have some representation here. However, since this category is very focused on only one gender, it is vital that you focus your attention here and understand your customer base well; after all, you are only targeting half the children's population with this category. Knowing the answers to these questions will make it easier to select the items for his category:

1. In terms of race, what type of people do you service?
2. What type of space can you allot towards this category (e.g. wall, shelf, or counter)?
3. What price points do you need to be at?

Educational Toys & Musical Toys Subcategories:

Parents of all types have always placed extra value on toys that teach. Almost all the educational toys that we market are geared towards adults and children over the age of three. Many ambitious parents push the learning envelope with their children. For those toys geared toward infants and toddlers, we've put the toy's specific age recommendations in their descriptions. For marketability and safety reasons, these age recommendations should be strictly followed.

PRESS RELEASE

Ferrari celebrates 60 year anniversary

Detroit (USA), January 8th, 2007 – Ferrari is celebrating its 60th anniversary in 2007 with a major event from June 21st to June 24th in Maranello, Italy. Maranello will be the finish line in a "relay race" across five continents where participants will carry a baton embossed with symbols of the 60 greatest moments in the company's history. The relay represents an extraordinary, collective sign of enthusiasm that will bring together Ferrari clients and their cars representing every model and era.

The "Ferrari 60 Relay" will kick off on January 28th in Abu Dhabi, site of the Ferrari theme park, and conclude in Maranello on June 24th, after traversing about 50 countries in 148 days. The central theme of the final events is technological innovation pioneered by Ferrari in the 60 years of its existence. For the occasion, Ferrari is assembling its 60 most important innovations, ranging from aluminum pliers for disc brakes to the electric differential and the F1 gearbox.

Against this backdrop Ferrari has organized its first concours d'élégance: a series of events on the track, at the factory and at the Galleria Ferrari in Maranello celebrating the elegance of the Ferrari. An Opera Omnia

book will be published on the company's history, a collection of pictures and data on all the road cars and race cars built by Ferrari.

The baton for the Ferrari 60 Relay was specially created to symbolize the history of the company, from its first success at the Rome Grand Prix of 1947 to the Ferrari FXX of 2006. Our clients will carry the baton around the world in their cars. Each country along the way will dedicate to Ferrari an object representative of their local culture and traditions. The local Italian Embassies will then forward the objects to the Farnesina Palace in Rome for an exhibition of the whole collection. Once the exhibit is over, the objects will be auctioned off in Maranello, with the proceeds going to a charity organization.

From Abu Dhabi the long relay will proceed to Dubai, Oman, Qatar, Bahrain, Kuwait, and Saudi Arabia. From the Emirates it will head east, to Singapore, Malaysia, Hong Kong, China, Japan, Thailand, Indonesia, Taiwan, Australia, and New Zealand. From Oceania it will fly to South Africa and then on to Latin America, reach Mexico, and from there continue on to United States and Canada. Then to Europe, where it will cross Portugal, Spain, France, Luxembourg, Belgium, Holland, the United Kingdom, Greece, Russia, Finland, Sweden, Denmark, Germany, Switzerland, Austria, the Czech Republic, Hungary, Slovenia and Turkey. It will then touch Egypt and Lebanon, and finally to Italy, where it will touch all the main cities finally arriving, after a special ceremony in Rome, in Maranello.

Of particular interest are the 60 symbols created for the 60 events. Enamel reproductions of them by Editalia (Gruppo Istituto Poligrafico e Zecca dello Stato) will be applied to the baton, and 60 posters of the symbols will also be made. What makes these symbols unique is the fact that they were produced by six different creative teams, guaranteeing a vision of the whole of great graphic and symbolic interest. The following advertising agencies were the creators: Intesta e D'Adda, Lorenzini, Vigorelli, BBDO, Alessandro Migliorini of Area Creativa, Marco Morosini, Enzo Naso of the eponymous firm, and Wolfgang Seidl of Seidldesign.
