## TOY WONDERS' TOY DIRECTORY

### Action Toys Subcategory:

The action toys category encompasses many different types of toys. These toys are not only powered by a child's imagination, but a great majority of these action toys are also powered by batteries. For your convenience, the number of batteries and type are stated in the description, and whether or not batteries are included. Click on one of the subcategories below to see more.

[wind ups](#)

[wire controlled](#)

### Blister Carded Toys & Hang-up Toys Subcategory:

Toy Wonders is a toy importer and a toy wholesale distributor of blister carded toys too. A great majority of impulse buy toys are packaged either on a blister card or in a poly bag with a header. Most of these types of toys find their way onto peg hooks, spinner racks, or in store bins. We have broken this category down into many subcategories. Click on the appropriate subcategory to see more.

## Dolls & Play sets Subcategories:

Toy Wonders is a toy importer and toy wholesaler of children's toys. Dolls have been a mainstay in the toy industry. If we look back in history, dolls go way, way back --even before recorded history. Because of the longevity and nurturing appeal, every toy distributor and retailer will have some representation here. However, since this category is very focused on only one gender, it is vital that you focus your attention here and understand your customer base well; after all, you are only targeting half the children's population with this category. Knowing the answers to these questions will make it easier to select the items for his category:

1. In terms of race, what type of people do you service?
2. What type of space can you allot towards this category (e.g. wall, shelf, or counter)?
3. What price points do you need to be at?

## Educational Toys & Musical Toys Subcategories:

Parents of all types have always placed extra value on toys that teach. Almost all the educational toys that we market are geared towards adults and children over the age of three. Many ambitious parents push the learning envelope with their children. For those toys geared toward infants and toddlers, we've put the toy's specific age recommendations in their descriptions. For marketability and safety reasons, these age recommendations should be strictly followed.

## Sports Subcategories:

Toy Wonders is not just in the toy wholesale business but offers at wholesale a variety of Sports balls and sport play sets. Not only does ball playing build hand eye coordination, dexterity, and team spirit (at times), these balls promotes good old fashion exercise. Click on a subcategory to see more.

## Highway 61 - Plymouth Barracuda Hard Top (1969, 1:18, Green) 60133

Our Products: [Vehicle Scales](#) > [1:18 Scale](#)

Item#: 60133GN

60133GN HIGHWAY 61 - 1969 Plymouth Barracuda Hard Top. 1:18 scale diecast collectible model car. This Plymouth Barracuda is a 10.5"Lx 4"Wx 2.75"H die cast metal car with openable doors, hood & trunk, fully plumbed engine, working steering and suspension, detailed interior and soft rubber tires. This Plymouth Barracuda is manufactured by Highway 61. 60133 in GREEN color. Individually packed in a window box. Box size: 14"Lx 6.5"Wx 5.75"H.

1969 found Plymouth in an enviable position: the 1968 Barracuda was powerful and popular, but how to improve on success? In typical '60's Plymouth fashion, they just made it faster. A few cosmetic changes were made here and there, including a new grille and larger side marker lights, but Plymouth made it clear that their "go to dinner" car, as they called it, was a "go to the dragstrip" car as well. The 225ci slant six and the 318ci V8 were still the baseline engine options. The successful 340ci four-barrel V8 was carried over from 1968 while the 383ci four-barrel V8 got an upgraded crankshaft that delivered upwards of 330hp for the Formula S package. But the big news was the premiere of the 'Cuda high-performance package for the 340 and 383 engines, and in the spring of 1969 Plymouth installed their monstrous 440ci V8 for the first time in a street-legal 375hp package. The tried-and-true 440 was capable of rocketing the lightweight 'Cuda from zero to sixty in 5.5 seconds and running a 14.10-second quarter mile. Plymouth now had bragging rights to the largest engine in the escalating pony car wars....but with those came headaches.

Plymouth had finally wrangled a power

Toy Wonders

www.toywonders.com

steering unit under the hood for the 383 Barracuda by 1969, but the 440 left on room for power steering or power brakes. With more than half of the 'Cuda's weight now over the front tires, braking and low-speed handling suffered accordingly. Mopar engineers feared a four-speed manual would eventually shred the rear end, so the 440 'Cudas were fitted with a TorqueFlite automatic. The off-the-line performance disappointed many enthusiasts as the TorqueFlite couldn't upshift as crisply as a manual, and more than not left the rear tires spinning. But on an open road or straightaway, the 440 'Cuda's power more than enough made up for its poor handling characteristics. While the 1969 'Cuda couldn't be labeled a complete success, Mopar engineers marked the lesson learned, and would put them to use soon enough.

## RC2 ERTL Elite - Plymouth Duster Hard Top (1971, 1:18, Purple) 39326

[Our Products: Vehicle Models](#) > [Plymouth](#)

Item#: 39326PR

39326PR ERTL Elite - American Muscle  
1971 Plymouth Duster Violet Hard Top. 1:18  
scale diecast model car. This 1971  
Plymouth has opening hood, doors and  
trunk. Engine 340. Interior is white color.  
Manufactured by RC2 Brands. Individually  
packed in a window box. 39326 in VIOLET  
(PURPLE) color with White stripe.

The Plymouth Duster debuted in late 1969  
as a 1970 model and was a sporty version  
of the Plymouth Valiant. The Duster  
featured curvy exterior styling and a  
rounded fastback look for the rear. The front  
end was the same as the Valiant. The  
interior was pure Valiant. The Duster was  
available with a variety of engines, ranging  
from two slant six cylinder engines to either  
a 318 V8 or a high performance 340 V8  
rated at 275 bhp. It was the 340 V8, coupled  
with the Duster's extremely low price that  
made it a hit. The base price was a mere  
\$2,172 and included just the 198 Slant Six.  
However, any performance buyer would go  
straight to the 340 V8 option. For a mere  
\$400, this option added the 340 V8 with four  
barrel carb, dual exhausts. At a total price of  
just \$2,547, the Plymouth Duster 340 was  
much cheaper than either a Plymouth Road  
Runner (\$2,900) or Mustang Mach I  
(\$3,300).
