Dolls & Play sets Subcategories:

Toy Wonders is a toy importer and toy wholesaler of children's toys. Dolls have been a mainstay in the toy industry. If we look back in history, dolls go way, way back --even before recorded history. Because of the longevity and nurturing appeal, every toy distributor and retailer will have some representation here. However, since this category is very focused on only one gender, it is vital that you focus your attention here and understand your customer base well; after all, you are only targeting half the children's population with this category. Knowing the answers to these questions will make it easier to select the items for his category:

1. In terms of race, what type of people do you service?
2. What type of space can you allot towards this category (e.g. wall, shelf, or counter)?
3. What price points do you need to be at?

Educational Toys & Musical Toys Subcategories:

Parents of all types have always placed extra value on toys that teach. Almost all the educational toys that we market are geared towards adults and children over the age of three. Many ambitious parents push the learning envelope with their children. For those toys geared toward infants and toddlers, we've put the toy's specific age recommendations in their descriptions. For marketability and safety reasons, these age recommendations should be strictly followed.

Not only does ball playing build hand eye coordination, dexterity, and team spirit (at times), these balls promotes good old fashion exercise. Click on a subcategory to see more.

Signature Models - BMW LS Luxus Hard Top (1962, 1:18, Green) 18125

Our Products: [Vehicle Types](#) > [Oldies Cars \(before 1970s\)](#)

Item#: 18125GN

18125GN SIGNATURE MODELS 1962 BMW LS Luxus Hard Top. 1:18 scale diecast collectible model car. This 1962 BMW LS Luxus is an 8.5" long diecast car with opening doors/hood/trunk, free wheels, workable steering, and detailed engine and components. This 62 BMW LS Luxus is manufactured by Signature Models. 18125 in GREEN color. Individually packed in a window box.

The 700 model was the car heralded as turning around BMW in the late 1950s. When BMW showed off the 700 coupe and sedan model at the Frankfurt Motor Show in the autumn of 1959, it received enough orders for two years of production. The 700 was masterminded by Willy Black, the man who had designed the 600 that it replaced, Black again drew on the company's motorcycle technology, but this time, he enlarged the twin-cylinder engine of the R67 motorcycle to get the power he needed for this larger car. Giovanni Michelotti of Italy styled the car, carrying over themes from his Triumph Herald, a contemporary of the 700. His first sketch was for a slant-roof coupe, which appealed to BMW although the company wanted more passenger room. Michelotti returned with a sketch of a saloon variant, and BMW decided to build both. The 700 Coupe entered production in August 1959 and the 700 Saloon joined it at the end of the year.
